2021

Kevork Sulahian

3/12/2021

Names of the available columns in the dataset

```
##  [1] "data_id"          "iso"              "event_id_cnty"    "event_id_no_cnty"
##  [5] "event_date"       "year"             "time_precision"   "event_type"
##  [9] "sub_event_type"   "actor1"           "assoc_actor_1"    "inter1"
## [13] "actor2"           "assoc_actor_2"    "inter2"           "interaction"
## [17] "region"           "country"          "admin1"           "admin2"
## [21] "admin3"           "location"         "latitude"         "longitude"
## [25] "geo_precision"    "source"           "source_scale"     "notes"
## [29] "fatalities"       "timestamp"        "iso3"
```

Number of unique events that are specified in the data set As seen there are only 3 types of events in 2021, while in previous years there were more

```
## [1] "Protests"                   "Riots"
## [3] "Explosions/Remote violence"
```

The main actors of said events

```
## [1] "Protesters (Armenia)"         "Protesters (Azerbaijan)"
## [3] "Rioters (Armenia)"            "Unidentified Military Forces"
```

The plot below shows the types of the evnets and where they occur. Note that many of the locations are approximated to the nearest city or village

event_date	event_type	actor1	admin1	source
05 March 2021	Protests	Protesters (Armenia)	Yerevan	A1+
05 March 2021	Protests	Protesters (Armenia)	Shirak	Factor
04 March 2021	Protests	Protesters (Azerbaijan)	Yerevan	A1+
04 March 2021	Protests	Protesters (Armenia)	Yerevan	A1+
03 March 2021	Protests	Protesters (Armenia)	Shirak	Factor
